Grant for participation in a conference/workshop or course abroad

| The conference/workshop or course abroad was cancelled. How do I proceed to cancel and/or rebook the booked flight(s)/train(s) and who covers the additional costs? | If you have already booked a ticket(s) with one of the travel agencies authorized by the FWO and you wish to cancel it, you must contact the relevant travel agency (Omnia Travel or Uniglobe South West Travel) yourself to cancel and/or reschedule your flight(s)/train(s).

In case you receive a travel voucher from the airline/train company, please inform FWO (interprog@fwo.be).

If your flight(s)/train(s) cannot be cancelled and/or rebooked free of charge (e.g. by using a travel voucher) or if the associated additional charges cannot be recovered from the authorized travel agencies, you have to submit a claim to AIG yourself. Use the following form for this claim.

The FWO has taken out assistance insurance with AIG for its grant recipients. Please be aware: AIG will only cover the costs if your travel was cancelled by reasons other than your personal decision or control (force majeure). The policy number to which you have to refer is 9.500.573. After submitting the claim, AIG will send you a form that you must complete and return asap. In case FWO paid the travel costs immediately to the travel agency, you’ll have to list FWO as a beneficiary in the AIG claim.

The conference/workshop or course abroad was rescheduled. Can I use my travel grant later on?

| You can still use the travel grant at a later date under the following conditions:

(1) You received a positive travel advice from your Flemish host institution for travelling to the specific destination abroad. For this purpose, contact the responsible advisory body of your Flemish host institution before booking your travel and right before your departure abroad. Please also inform the FWO (interprog@fwo.be and HR@fwo.be) of your rescheduled departure so we can follow-up in terms of insurance, AND

(2) FWO will not cover the costs of the travel grant twice. In practice, this means that FWO will only cover the travel costs if the researcher:

a. did not book the flight(s)/train(s) tickets yet OR;

b. the travel agency was able to cancel the tickets without additional costs and reimbursed the initial tickets to FWO OR;

c. the researcher did not receive a travel voucher of the concerned airline/train company to rebook the travel later on OR, |
d. the researcher did submit a claim to the FWO insurer AIG, the claim was accepted and FWO was reimbursed.

**AND**

(3) By no means it is allowed to use the travel grant for another conference, workshop or course abroad. It must concern the same conference, workshop or course abroad as initially approved by FWO, taking place on a later date (same title). **AND**

(4) You actively contribute to this rescheduled conference. You can proof this by sending to the FWO the invitation to give a presentation (oral or poster) by the conference organization. **AND**

(5) You still meet the eligibility criteria mentioned in the regulations of a grant for participation in a conference/workshop or course abroad; **AND**

(6) Travel grants that were granted in 2020 or earlier are expired and can as such no longer be used. You will need to submit a new application. A travel grant allocated in 2021 can exceptionally still be used until the end of 2022, provided that the above-mentioned conditions are fulfilled.

In case you receive a travel voucher from the airline/train company, please inform FWO (interprog@fwo.be).
