

Overview Weave maximum project durations – 2023

Bottomline: Equal project duration on Flemish and non-Flemish/foreign side. (Exception: see (***))			
In case researchers from three countries/regions are involved, the shortest maximum project duration by any of the relevant funding agencies is allowed.			
	Submission to FWO (FWO = Lead Agency)	Submission to non-Flemish/foreign council (FWO = Partner Agency)	
ARRS Slovenia	max. 4 years	max. 3 years	
DFG Germany (*)	max. 3 years	max. 3 years	(*) = In case German partners are involved, the max. project duration is always three years, for bi- as well as trilateral projects.
F.R.S.-FNRS Wallonia	max. 4 years	max. 4 years	
FNR Luxembourg	max. 4 years	max. 3 years or 3 years + PhD in 4th year (**)	(**) = Equal project duration (in principle max. 3 years at Flemish side as well), a fourth year is only possible at Flemish side in case a PhD is additionally requested at FNR side in the fourth year. In that case, the Flemish researchers can also request costs related to a PhD student (staff costs + bench fee) which needs to be scientifically motivated as well.
Formas Sweden (***)	max. 4 years at FWO-side max. 3 years at Formas-side	max. 4 years at FWO-side max. 3 years at Formas-side	(***) = In case Swedish partners are involved, for bi- as well as trilateral projects, the max. project duration <u>at Swedish side</u> is always max. 3 years, no matter if Formas is Lead or Partner Agency. However, this project duration of max. 3 years is not by default applicable to the other partners involved.
