APPLICATION FORM FOR A CLINICAL PH.D. FELLOWSHIP

APPLICATION FORM: CLINICAL PH.D. FELLOWSHIP
File number: 3797

Give the English title of your research proposal.
One up to 240 characters.

Give the Dutch title of your research proposal.
One up to 240 characters.

Give a summary of your research proposal in layman’s terms.
One up to 1,500 characters.
APPLICATION FORM: CLINICAL PH.D. FELLOWSHIP

File number: 3783

Specify the main host institution.

Specify the additional host institution(s). (Optional)
If one or more other host institutions are involved, please still "Add" to select an institution in the drop-down menu. The chosen institutions will appear in the list below.

Add a letter from the director of the university hospital or the department head of the animal clinic. This letter must confirm that, should the fellowship be granted, the candidate will be released part-time from the current clinical duties in order to complete a Ph.D.
Please attach the requested files in PDF (max. 1MB).

Add a letter from the dean of the faculty. This letter must confirm that, should the fellowship be granted, the candidate will be released part-time from the current clinical duties in order to complete a Ph.D.
Please attach the requested files in PDF (max. 1MB).

Add a letter from the chief physician with the description of the current clinical duties.
Please attach the requested files in PDF (max. 1MB).
APPLICATION FORM: CLINICAL PH.D. FELLOWSHIP

File number: 3783

Add supervisor:
The FWO will invite the supervisor(s) to submit a letter of recommendation.

The supervisor (promotor) is one of the following:
- a full-time professor in a Flemish university (i.e., with a chair or a senior professorship);
- a part-time professor or an appointment at a Flemish university of 70% with a research assignment;
- a doctor who is an appointed professor (extraordinary professor) or a clinical professor (in a university hospital);
- an academic appointment in a professorship at the Catholic University of Leuven, the Catholic University of Ghent, the Catholic University of Hasselt, or the Catholic University of Bruges. The candidate must have been appointed in a university hospital or in a university department.

All co-supervisors (co-promotors) are researchers at postdoctoral level or higher. Co-supervisors are appointed at a Flemish University, a Flemish Research Institution, a Flemish Academic Hospital, the Flemish University Ghent, the Catholic University of Leuven, the Catholic University of Hasselt, the Catholic University of Brussels, or a Federal research institute (Dutch linguistic region).

You must add one head of the research unit.

Add

Add an additional supervisor. (Optional)

Add

Add a letter of the promotor. This letter must confirm that the fellowship be granted, the state of progress is largely sufficient to achieve the Ph.D. thesis within the time schedule of this fellowship.

Please attach the requested files in PDF (max. 10MB).

Specify your previous research stays abroad.
Give up to 2000 characters.

Specify the planned research stays abroad during the fellowship. (Optional)
Give up to 2000 characters.

Have you already obtained scientific awards for this research?
Give the title, the date, the amount and the theme of the award(s) and mention the awarding body.
Give up to 2000 characters.

Have you been appointed with a contract for an indefinite term at a university hospital affiliated with a university in the Flemish Community where, at the time of the start of the fellowship (1st of October), you are exclusively in a clinical position? When candidates are recognised as general practitioners, they must have an employment contract at an university department of general practitioner medicine and at the same time performing a role in general practitioner medicine for the remaining %.

Give the gross annual salary and benefits paid by the university hospital.

Give the gross salary and benefits paid by the medical faculty.

Are you a qualified doctor, veterinary surgeon, pharmacist, general practitioner or dental specialist?

Give a brief report of your previous research activities.
Give up to 3000 characters.

I confirm that none of the issues below apply to my proposal.

If you have indicated "Yes" for at least one of the items below, you must submit your proposal to the research ethics committee of your host institution for ethical clearance. Your fellowship can only start once this clearance has been formally given.

Informed consent
- Does the proposal involve children?
- Does the proposal involve patients or persons unable to give consent?
- Does the proposal involve adult healthy volunteers?
- Does the proposal involve human genetic material?
- Does the proposal involve human biological samples?
- Does the proposal involve human data collections?

Research on human embryos / foetuses
- Does the proposal involve human embryos?
- Does the proposal involve human fetal tissue or cells?
- Does the proposal involve human embryonic stem cells?

Privacy
- Does the proposal involve processing of genetic information or personal data (e.g. health, sexual/life style, family, political opinion, religious or philosophical conviction)?
- Does the proposal involve tracking the location or observation of people?

Research on animals
- Does the proposal involve research on animals?
- Are these animals managed in all laboratory animals?
- Are these animals managed in farm animals?
- Are these animals owned by humans primarily?

Research involving developing countries
- Do you make use of local resources?
- Is there benefit to the local community?

Dual use
- Does the proposal involve dual military applications?
- Does the proposal involve the potential for terrorism abuse?

ICT implants
- Does the proposal involve clinical trials of ICT implants?

Write a personal statement.
The personal statement is your opportunity to discuss personal motivations, your research interests, your experience and activities, and future goals. The personal statement should focus on your personal background or experiences that have significantly influenced you or your goals. It should be a document that describes your abilities, skills, and accomplishments as evidence of your qualifications for pursuing a career in research. (Up to 5,000 characters)

Mention all your career breaks. (Optional)
If you have interrupted your academic career at any point for at least three months, you may provide details about this below. (Up to 5,000 characters)

Submit
