

### Toekenningen zware onderzoeksinfrastructuur oproep 2021- 2022

Code	Promotor	Titel	Universiteit	Subsidie in euro
I000122N	Bart Meuleman	BOPP - building the Belgian Online Probability Panel	KU Leuven	€ 1 820 419,00
I000322N	Bart Ghesquière	A high-throughput automated small molecule screening platform	VIB	€ 2 637 871,80
I001122N	Pieter Vanden Berghe	A multimodal non-linear optical platform for 2 3-photon excitation and 2nd 3rd harmonic imaging deep inside living tissues and animals	KU Leuven	€ 2 525 221,00
I000622N	Stefaan Soenen	Imaging the invisible in preclinical models using magnetic particle imaging	KU Leuven	€ 1 766 787,00
I001222N	Jelle Hendrix	MULTISCALE - The UHasselt MultiScale Optical Imaging Core: Infrastructure for nano- to centimeter length scale	UHasselt	€ 958 357,00
I001322N	Willem Annaert	3D SUper-Resolution to cryo-Electron MIcroscopy to study nanoscale subcellular dynamics and structure that alter in Neurodegenerative Diseases - 3SURE MIND	VIB	€ 1 801 769,00
I012122N	Milos Nesladek	Quantum microscope for low temperature measurements and nanoscale technologies	UHasselt	€ 1 411 948,00
I000222N	Dominique Schreurs	ROAMI: 110 GHz Real-time Oscilloscope for Advancing Flemish Measurement Infrastructures	KU Leuven	€ 2 110 901,24
I000722N	Joris Vermeesch	Belgian Genome Biobank	KU Leuven	€ 1 584 054,00
I001422N	Johan de Mey	In2U – Inter-University Ultra-High-Field MRI Centre Flanders	VUB	€ 2 000 000,00
